Description

Located in the exclusive residential area of Can Furnet, Villa Tauet offers a way to experience Ibiza where contemporary design blends with the serenity of Balinese aesthetics. Conceived by Blakstad and brought to life by Iván Torres Arquitectos, this property stands out for its meticulous architecture, open spaces, and privileged elevated position, offering views of the island's landscape and Dalt Vila.

The villa features 426 m² of built area on a 1,404 m² plot, distributed over two floors. It boasts five spacious bedrooms with en-suite bathrooms and is delivered fully furnished, with interiors designed to convey elegance, brightness, and well-being. The living-dining room connects to the outdoors through large windows, while the modern kitchen, equipped with a stylish bar, becomes an ideal space for sharing moments with family and friends. The bedrooms offer privacy and access to balconies or terraces, some with views of the tropical garden and pool.

The outdoor spaces are one of the property's greatest attractions. The garden, surrounded by lush vegetation and palm trees, features an infinity pool with a jacuzzi, sunbathing areas, and secluded

spots designed for relaxation. On the upper levels, the terraces expand the possibilities for enjoying the landscape, culminating in a spectacular rooftop with a second infinity pool and panoramic views, perfect for watching the sunset or hosting outdoor gatherings.

Its location allows residents to enjoy a tranquil residential environment without being far from Ibiza's main points of interest. Jesús is just a few minutes away, as are Talamanca beach, Marina Botafoch, and the city center. Additionally, several more natural coves and the airport are a comfortable drive away.

Villa Tauet is a unique property for those seeking an exclusive residence in Ibiza, offering expansive outdoor areas, signature architecture, and a balanced combination of privacy, comfort, and proximity to the Mediterranean lifestyle.
