Price	3.700.000
Type	Villa
Property area	387 m²
Land area	960 m²
Bedrooms	6
Bathrooms	6

Description

Located in one of Ibiza's most privileged residential areas, Villa Dimi offers a unique combination of privacy, Mediterranean design, and boho-chic inspired atmospheres. Situated on a hillside in Can Furnet, this villa features a built area of 387 m² on a 960 m² plot. It has been renovated with high-quality materials and is sold fully furnished, ready for immediate occupancy.

The residence stands out for its open-plan spaces, where the living room with a fireplace, the dining area, and the kitchen—equipped with natural stone finishes—seamlessly integrate with a large balcony surrounding the house. Its five bedrooms and five bathrooms are distributed across different levels, ensuring privacy for both residents and guests. The master suite adds a distinctive touch with its freestanding bathtub, while an independent studio with a kitchen and bathroom offers additional space for guests or staff.

The exterior invites you to fully enjoy the Ibizan lifestyle. A tropical-style garden, palm trees, and terraced patios lead to an attractive infinity pool with deep blue mosaics. The leisure area is

completed with sun loungers, an outdoor kitchen, a barbecue, and an al fresco dining area from which to contemplate views of Dalt Vila, the mountains, and the sea.

Can Furnet allows you to enjoy a peaceful environment without sacrificing proximity to the island's main services and destinations. Jesús is just a few minutes away by car, as are the local coves, while Talamanca beach and the center of Ibiza are approximately eight and ten minutes away, respectively. The airport is about fifteen minutes away.

A villa with its own personality, ideal for those seeking a luxury residence that combines comfort, independent spaces, and a privileged setting with open views of the Mediterranean.
