Description

In a privileged location in the heart of Ibiza lies Casa Bloom, a spectacular newly built villa that combines Ibicenco-inspired architecture, contemporary design, and a natural setting of extraordinary beauty. Its elevated position on the mountain offers magnificent open views of the valley, providing a pleasant sense of privacy and tranquility, just ten minutes from Ibiza Town, Santa Gertrudis, and San Juan.

The property features a 23,000 m² plot and a built area of 410 m². Its design, following the renowned Blakstad architectural philosophy, focuses on the integration of natural materials, open spaces, and large windows that allow for abundant natural light and connect every room with the Mediterranean landscape.

The home includes five bedrooms and four bathrooms, with a layout designed to offer spaciousness, comfort, and privacy. The interior spaces extend outdoors through large sliding doors, creating a seamless continuity between the home and the leisure areas.

The exterior features a magnificent 70 m² private pool, surrounded by large terraces ideal for enjoying the Ibiza climate, relaxing, or sharing moments with family and friends. The generous size of the land also allows for the development of various landscaped areas and relaxation zones, always keeping the natural environment as the centerpiece.

Casa Bloom is a unique property for those wishing to enjoy a more authentic and peaceful Ibiza, without sacrificing proximity to its main towns. An exceptional combination of architecture, privacy, spaciousness, and Mediterranean lifestyle.
